Linear cover width*	42.91"	[1090 mm]
Tiles per square	23.01 pc	[2,48 pc/m²]
Weight per square*	152 pounds	[7,44 kg/m²]
Weight per tile*	6.61 pounds	[3,00 kg]

* The measurements and the weight may vary slightly by the finish that is added to the panel.

** Steel thickness according to the EN 10346.

STANDARD COLORS

More colors available.
Ask your dealer for information.

INSTALLATION

Romana tiles are overlapped left to right. For maximum visual appeal and performance, stagger at least one pan width.

Panels are placed on nominal 2x2 wood battens spaced 14.5" [368mm].

A downturned front edge (nose) and upturned rear edge (shelf) on each tile creates a strong, weatherproof, overlapping and interlocking assembly. Each tile is secured with three nails in the panel nose, away from water channels.

ACCESSORIES

Varitile offers a broad range of accessories.

- **Ridges, junctions and end caps.**
Offered in angled, squared and curved profiles.
- **Fascia, sidewall and headwall transition flashings.**
